

List of pilot tests for the *Policy and Action Standard* and *Mitigation Goals Standard*

Policies and actions

Country	Description	Sector
Bangladesh	Sector-wide replacement of brick kiln technology	Industry
Belgium	Offshore wind promotion program	Energy supply
Belgium	Federal tax reduction for roof insulation	Buildings
Chile	New vehicle energy consumption and CO ₂ emissions targets	Transport
Chile	Promotion of cogeneration in industry	Industry
Chile	Financing of home thermal insulation	Buildings
Chile	Appliance program for minimum efficiency performance and labeling for light bulbs	Buildings
Chile	Energy efficiency communication and awareness program	Multiple
China	Beijing emissions trading system (ETS)	Energy supply; Industry
China	Top 1000 enterprises program	Industry
Colombia, City of Medellin	Transport sector air quality management plan	Transport
Costa Rica	Coffee sector NAMA	AFOLU; Industry; Waste
Germany	Renewable Energy Act (feed-in tariffs for renewable electricity generation)	Energy supply
India, City of Jaipur	Low carbon integrated city plan in economic zone within the city	Multiple
Indonesia	REDD+ degraded land policy	AFOLU
Israel	Subsidy program for energy efficiency and GHG reductions	Industry; Buildings
Japan, City of Tokyo	Tokyo Cap-and-Trade Program	Industry; Buildings
Mexico	National light bulb replacement program (incandescent to CFL), part of the Special Program on Climate Change (PECC)	Buildings
South Africa	Passenger mode shift from road to rail NAMA	Transport
South Africa	Energy efficiency implementation in the mining sector	Industry
South Africa, City of Cape Town	Smart Living Campaign to promote energy conservation	Buildings
South Korea	1 Million Green Home (renewable energy) program	Buildings
Tunisia	PROSOL Elec (photovoltaic policy), part of Tunisian Solar Plan	Energy supply
Tunisia	Tunisian Building NAMA	Buildings
UK, City of London	RE:NEW home energy efficiency program	Buildings
United States	Keystone XL Pipeline	Energy supply

Mitigation goals

Country	Description
Chile	National pledge of a 20% deviation from BAU by 2020
Ethiopia	GHG reduction goal
India, City of Jaipur	CO ₂ reduction goal for economic zone within the city
Israel	National goal of reducing emissions 20% below BAU by 2020
South Africa	Mining sector GHG reduction goal
United Kingdom	UK national GHG reduction goal (carbon budget)
US, City of Seattle	City-wide GHG reduction goal
